

# MISSION STATEMENT

The **Library of "Salla" Cultural Center** as the town's public library makes its main business to provide the requisites of continuous self-education, quality entertainment, and acquainting the widest possible range of interested people with the treasures of the Hungarian and global culture.

Our library achieves its mission through constantly widening document holdings, services that meet user demands, technical equipments and its librarian's professionalism. Using the above-mentioned, it will assist:

- Students in different levels of education
- Lifelong learning
- Helping children become readers
- Supporting the national and ethnic minorities and the disadvantaged
- Acquainting and collecting cultural and folk traditions, natural values of settlements
- Acquiring public knowledge for the exercise of civil rights and for personal and community self-realization
- Economic, social, scientific and cultural orientation
- Acquiring artists and their works in literature and other art forms
- Ensuring advanced information services
- Spending free time usefully
- Improving the public perception of the library's image
